### **Cable Wiring Specialists, Inc.**

*Hollywood & Naples, Florida*

CWSI is a full service, turnkey communications contractor based in South Florida. Our customers include: fiber optic, cable and telecom providers. Since 1998, CWSI has been providing its customers with quality services and planning that promote efficient network design. The ability to deliver reputable and trusted services to our clients stems from a very diverse and experienced management team. Our ability to satisfy our customers, is reflected in our continual growth over the past decade. Our philosophy: Understand the objective, collect the data, and get it right the first time.

## **GCP Technologies**

*Houston, Texas*

GCP Technologies provides engineering and technical services to help communications companies achieve their customer service goals rapidly and cost-effectively. We create solutions for inside and outside plant applications and for all system architecture types. Our top management has 35 years' experience in the industry and our trained technical staff uses the latest computer based design and project management software to address system design needs.

## **NexLink Global Services**

*Blue Bell, Pennsylvania*

Nexlink Global Services is a nationwide, self-performing, full turnkey service provider. Our customers include wireless, wireline, fiber and cable providers. With 16 years' experience, 25 office locations across the United States and a workforce of over 1000 qualified professionals, Nexlink is a preferred vendor to a wide array of telecom firms. Since its inception in 1995, Nexlink has built an impressive client portfolio by developing and embracing a true partnership approach with its customers. Our solid and involved management team has years of experience in the telecommunications industry; and our multi-disciplinary staff consists of engineers, RF engineers, planners, business professionals, construction managers and financial analysts. Together we develop strategic implementation programs, creating unique solutions to meet the individual project goals and objectives of our clients.

## **Pixel Softek, Inc.**

*Alpharetta, Georgia and Bangalore, India*
